

## TRINITY IS FUN

Hello, our names are Ana, Julia, Sara, Sofia, César, Gonzalo, Javier, Carlos, Miguel, Javier, Ismael, Juan...good, we are the students of Trinity, grade 4. Our teacher's name is Patricia, but there are more teachers in Trinity, their names are Inma, Ana, Virginia and Marina.

A lot of people in other countries speak English, so English is very important. In Trinity, we speak and write English. We play games in English too, and it is fun. We try to speak English as much as possible, not easy...We are learning new things, like Comparison of Superiority, or verbs in past. Sometimes, we watch films (In English, of course!). We have Trinity class twice a week, after lunch. We don't need a book or a dictionary, our teacher explains the new words in English. It is sometimes difficult, but it is funnier than learning with books. And we have to work hard! We have to prepare a topic at home and we read it in class. Some of us will do the Trinity exam in June. We like Trinity very much.
